

**Territorial Program-Measurement (Dual Language/Two Way Immersion)**

The Territorial Program-Measurement (Dual Language / Two Way Immersion) program aims to ensure that students are measured against stated goals. Students are measured in two languages: English and the language of the Territorial Program-Measurement (Dual Language / Two Way Immersion). The program is designed to help students achieve proficiency in both languages.

The program is divided into two parts: English and the language of the Territorial Program-Measurement (Dual Language / Two Way Immersion). The program is designed to help students achieve proficiency in both languages.
