Du Quoin Elementary/Middle School

Summary

The Du Quoin Elementary/Middle School is a K-8 Facility designed to accommodate a student population of 1200. The building is designed around a long bent axis. In the center of this axis is the central facilities consisting of the Media Center, Administration Offices, Cafeteria, Gymnasiums, Locker rooms, and Portable Stage Area. These areas are flanked on each side by Academic classrooms. Separate entrances were designed to identify the Elementary and Middle School wings. Grade level identity was developed within wings of the building.
