| Completely means:       | 7 | • Child shows functioning expected for his or her age in **all or almost all everyday situations** that are part of the child’s life. Functioning is considered **appropriate** for his or her age.  
  • No one has any concerns about the child’s functioning in this outcome area. |
| Overall Not Age-Appropriate |  |  |
| Somewhat means:         | 5 | • Child’s functioning generally is considered **appropriate** for his or her age but there are **some significant concerns** about the child’s functioning in this outcome area. These concerns are substantial enough to suggest monitoring or possible additional support.  
  • Although age-appropriate, the child’s functioning may border on not keeping pace with age expectations. |
| Nearly means:           | 3 | • Child shows functioning expected for his or her age **some of the time and/or in some settings and situations**. Child’s functioning is a mix of age-appropriate and not age-appropriate behaviors and skills.  
  • Child’s functioning might be described as like that of a **slightly younger child***. |
|                         | 4 | • Child shows occasional age-appropriate functioning across settings and situations. More functioning is **not** age-appropriate than age-appropriate. |
|                         | 2 | • Child occasionally uses **immediate foundational skills** across settings and situations. More functioning reflects skills that are **not** immediate foundational than are immediate foundational. |
|                         | 1 | • Child does **not yet** show functioning expected of a child of his or her age in any situation.  
  • Child’s functioning does **not yet include immediate foundational skills** upon which to build age-appropriate functioning.  
  • Child functioning reflects skills that developmentally come before immediate foundational skills.  
  • Child’s functioning might be described as like that of a **much younger child***. |

* The characterization of functioning like a younger child only will apply to some children receiving special services, such as children with developmental delays.
