Dear Mr. Zych:

This letter is in response to your request for information under the Illinois Freedom of Information Act. Your request was received on June 5, 2013.

On June 12, our agency requested a five-day extension until June 19.

You have requested an opportunity to obtain copies of public records of all student grade and course history from 2000 and on.

Please note that as we compiled the data for your request, we discovered that our agency did not have the mechanism to tie teacher and student data together until the 2012 school year. Therefore, we can only provide the following for the 2012 school year:

- School District
- School
- Class Code
- Class Name
- Teacher
- Session of the class (Our agency uses Term 1, Term 2, etc.)
- Grade level of the class (This is the grade level of the student)
- Year of the class (School year)
- Course subjects/categories if available
- A fake ID but no demographic data
- Grade earned for the class

Also, please note that Chicago is still in the process of submitting its 2012 teacher data, so the information for this district is not complete.

Due to the large file size for the data you requested, you will need to work with our IT Department to discuss a delivery method. Please contact Amanda Sirnhaus at (217) 782-4648 or asimhaus@isbe.net to start the process.

Sincerely,
Marcilene Dutton
Deputy General Counsel
