Dear Ms. Simhauser,

I hate to be a pest, but I have another FOIA request. You helped me get information about a month ago.

FYI, I emailed Dept of Juvenile Justice with this FOIA and they never responded. I called them, and they don't have everything as organized as isbe does. So it occurred to me that isbe has this information and I knew you would get it to me.

I am working with the Illinois Child Care Association and the Illinois Association of Private Special Education Centers. We are compiling information on services provided to students in Illinois who exhibit intense service needs.

Under the Freedom of Information Act, I would like to request the following information (which Kathy Joyce probably has):

- the number of students served in Department of Juvenile Justice educational programs
- the number of those students with identified special education needs
- the number of DJJ special education students who have been identified as Emotionally Disturbed

Thank you very much,

Sarah Sebert
