As provided by terms of the Illinois Freedom of Information Act (FOIA), I am requesting the list of current e-mail addresses and names for:

1. all school principals in Illinois public schools, and
2. all district superintendents for Illinois public school districts.

The Illinois Interactive Report Card project (http://iirc.niu.edu) needs to send updated information regarding IIRC to school principals and superintendents so that they can access student data test results and other school improvement resources that the Illinois State Board of Education has contracted with the Interactive Illinois Report Card (IIRC) to make available to school administrators. In addition, IIRC needs to populate the updated names and email addresses of principals and superintendents on the Information page of the new “Rising Star” district and school improvement plans that IIRC has just released to the field (see attachment).

Because the Rising Star presentation requires current information on principals and superintendent be displayed and integrated into the improvement plan system, I am marking this request urgent. In addition, I requesting, if at all possible, for IIRC to receive from ISBE monthly update lists of principals and superintendents on a routine basis for repopulating the information. We request this information be forwarded on or near the fifth day of each month. Alternatively, if this is not feasible, I will submit monthly FOIA requests to achieve the same result.

The file should be in electronic format such as Excel, including principals/superintendents name, email address, district and school name, address, and rcdis/rcdt code.

You can forward the list by email to me at hsmith@niu.edu.

Thank you. Please let me know if there are additional steps I need to take.
