Steps in Preparing for ROE 14 Conversion

- All entities within Region 14 will be assigned a new RCDTS code on October 2, 2010.

- Contact your Local Student Package Vendors to ensure they are aware of the changes.

- To determine what the new RCDTS codes will be, please refer to the mapping located at the following link:
  - [http://www.isbe.net/regionaloffices/conv/roe14conversion2010.htm](http://www.isbe.net/regionaloffices/conv/roe14conversion2010.htm)
Determining New RCDTS codes

- All old Region 14 (or ROE 14) duties have been taken over by the three Cook County Intermediate Service Centers and they each have been assigned a new region code as follows:
  - The new region number prefix for all LEAs aligned to North Cook ISC 1 is 05.
  - The new region number prefix for all LEAs aligned to West Cook ISC 2 is 06.
  - The new region number prefix for all LEAs aligned to South Cook ISC 4 is 07.
  - In addition to the above, some existing Region 14 entities will be realigned to Regions 15, 19 and 31, respectively.
Enrolling Students in School Year 2011

- Until October 2, 2010 the existing RCDTS codes should be entered for both the Home and Serving Schools

- On October 2, 2010 SIS will be unavailable while ISBE converts all codes in the system that are affected to the new code

- Historical SIS data will also be converted to the new RCDTS codes

- Any data entered into SIS after the conversion will need to be entered referencing the newly assigned RCDTS codes
